

Double Vision is Often Missed

A child that sees like this can pass a vision screening.

A child that sees like this can pass a vision screening.

Maybe there's a reason why your child can't sit still for 20 minutes to do schoolwork.

Most children have no idea how they are supposed to see. So when words look like this, they assume everyone sees the same way they do. Imagine how frustrating that would be.

MORE COMMON than Dyslexia:

These Conditions often go missed or misdiagnosed. The good news is that they can be treated and often times... CURED!
